2 HIGH SCHOOLS  
IN THIS COUNTY

Fairfield high school has been approved as a three-year Junior high school for the year 1950-51 and York Springs high school will be "recommended" for reclassification from a four-year high school to a six-year, junior-senior high school provided it constructs a new building, L. H. Snader, advisor for secondary education, of the Department of Public Instruction, Harrisburg, reported to the county superintendent of schools, J. Floyd Slaybaugh, today.

The reports were made by Snader following visits Monday to York Springs and Tuesday to Fairfield.

In his report covering Fairfield, Snader said: "While the temporary housing quarters leave much to be desired, the new high school is about complete and will be ready for occupancy by September 1. The minimum standards as outlined are being met and the school will be classified and approved as a three-year Junior high school for the school year 1950-51."

**Impressed By Efforts**

"I was impressed with the effort that the board of school directors and the supervising principal (George Inskip) are making in providing an educational program which will meet the needs, interests and ambitions of the pupils in this area. I am also confident that under the leadership of Mr. Inskip and guidance of Charles I. Raffensperger, assistant county superintendent, steady improvement will continue to be made in the years ahead."

Snader's report on York Springs stated: "The purpose of the visit was to review the changes made in the program of studies for grades 7, 8 and 9. Most of the minimum requirements for junior-senior high schools are being met. While many

MOOSE TO FETE  
CHS ATHLETES  
ON MARCH 28

One hundred fifteen Gettysburg high school students will be guests of the local Moose lodge next Wednesday evening for the annual high school athletic banquet held by the lodge.

John "Ox" DaGrossa, member of the Pennsylvania State Athletic Commission, from Philadelphia, and a former football coach at Holy Cross college, will be the speaker.

Sixty-three of the youngsters will be from the various varsity and jayvee teams and 40 will be from the junior high teams. Twelve girl cheerleaders will also be among the guests.

In addition the Gettysburg high school and Gettysburg college coaching staffs have been invited to the banquet.

The 63 boys from the varsity and jayvee teams include all who took part in any sport. Thirty-eight of that number are listed as from football, 11 from basketball, four from baseball and ten from track. Athletic Director George Forney pointed out that more than that number took part in the various sports, but each youngster was counted once, thus only four men played baseball and no other sport, ten were out for track and no other sport, while those who played football may have taken part in every other sport. From the junior high team, 27 are listed from football and 13 from basketball.

The program will get underway at 6 o'clock next Wednesday evening in the ballroom at the Moose home on York street. Attorney Donald M. Swope will act as master of ceremonies.

Members of the committee in charge of the event include Governor Steven C. Smith, Charles Utz, Robert Neary, C. Lester Oyler, Willis Conover, Robert Fox, Donald F. Baker, Clifford Harmon, Charles Lauver, George O'Connor, Donald McSherry and Francis Knox, Jr.

Alger Hiss Begins Serving 5  
Years; Gave U.S. Data To Reds

New York, March 22 (AP)—Alger Hiss, one-time bright young star of President Roosevelt's New Deal, surrendered today to begin serving a five-year-prison term for perjury.

The 46-year-old former high State department official—his appeals to the higher court rejected—gave himself up to Federal Judge Henry W. Goddard.

Hiss was convicted January 21, 1950 on two counts of perjury. The conviction, in effect, branded him a liar and traitor who betrayed his country by turning over government secrets to Whittaker Chambers, admitted courier of a Communist spy ring.

The courtroom proceeding lasted less than half a minute. David Sweeney, court clerk, called out Hiss' name and the lanky, convicted perjuror surrendered himself into the custody of chief U.S. Deputy Marshall Tom Farley.

Asked if he had any statement to make, Hiss smiled and said: "I have nothing to add to the statement which I issued when the Supreme court denied certiorari."

The U.S. Supreme court last week refused to review the conviction. Hiss said then through his attorney he would not contest the verdict further. But he stoutly maintained his innocence and expressed the belief that in time his name would be cleared.

Here And There  
News Collected At Random

**Easter customs and celebrations** so closely woven into the pattern of American life that we seldom question where they came from—or when they began.

In some cases their origin cannot be determined, and in others there are conflicting stories. Naturally, most Easter-time events are related to Biblical recollections of the life of Jesus Christ.

But in many instances, it is evident that tradition, legend, superstition, irrelevant invention—or a whimsical mixture of all four—have seeped into the Easter season.

Mardi Gras, for example, literally means "Fat Tuesday." It's the French name for Shrove Tuesday, the day before Ash Wednesday, beginning of Lent. Actually, Fat Tuesday alludes to an old ceremony during which a fat ox, symbolizing the passing of meat, was paraded through the streets in Paris and other European cities.

Lent being a period of fasting, Mardi Gras, in time, became a day of carnival. Frequently, the fat ox was followed or replaced by other forms of revelry and feasting. And for years in England, the day before Lent was observed by eating pancakes. Brits, in fact, still refer to it as Pancake Tuesday.

However, like so many of our Easter customs, time and place of the first Mardi Gras celebration has not been definitely established in either Europe or America. Although the New Orleans Mardi Gras is far better known, three southern cities have long been waging a friendly battle for the distinction of having staged the first Mardi Gras in North America.

"In these days of uncertainty and threats to our peace and Christian way of life, let us pause and give reverent contemplation to the sacrifice of Christ on the cross."

Tokyo, March 22 (AP)—An American tank-infantry patrol with mine-hunting engineers today shot its way out of a Communist ambush less than three miles from the Red Korean border.

The tanks were moving up one side of the Pukhan river north of Chunchon and the infantry were plodding along the opposite bank when the Reds opened fire.

From high ground they poured machinegun, rifle and mortar fire on all sides of the patrol.

"They let us walk into the trap and then they sprang it," said Cpl. Charley Hamilton, Virginia City, Va. "Our tanks opened up on the hillside with everything they had, but it didn't stop the Chinese."

**Escape Ambushed**

"Enemy fire was all around us everywhere we turned. We finally scrambled across to the tanks and they kept the Chinese down on one side while we moved out."

The tanks pulled back to Chunchon, carrying the wounded.

Lt. Gen. Matthew B. Ridgway, commander of the U. S. Eighth Army, disclosed that it was U. S. First Cavalry troopers who occupied Chunchon Wednesday.

BANKERS HEAR  
COLLEGE DEAN  
ON WEDNESDAY

"The Communist way of life is the complete opposite of all we hold important in America," Dr. W. E. Tilberg, dean of Gettysburg college, told the Adams County Bankers association Wednesday evening at its regular meeting at Cross Keys hotel.

Laws in America are passed to protect everyone, the college official said, "while in Russia they are designed to protect the ruling class and keep down the majority."

In America, he added, "we base our way of living on the ability to cooperate and work together; our government is but the servant of the people; we believe in promoting and backing every possible organization to help the nation. In Russia the situation is just the opposite. The people are the servants of the state, fear and suspicion between the people is fostered to prevent co-operation and organizations are forbidden."

**Adopt Resolutions**

A resolution urging Congress to pass laws regulating the expansion of branch banking was voted at the recommendation of the resolutions committee, Lloyd W. Kuhn, of Bendersville, and Arthur Bair, Littlestown. The resolution was similar to one passed by the Bucks County Bankers association and was studied on request of that organization.

The resolution asks Congress to pass laws confining the expansion of city banks by prohibiting establishment of branches of banks outside the county in which the "parent bank" is located.

Details of the forthcoming annual convention of the Pennsylvania Bankers association, to be held June 4, 5 and 6 at Atlantic City were outlined, with President Wesley Schaible, of Fairfield, urging attendance on the part of all banks at the state meeting.

The next session of the county bankers will be held April 18.

COLOR EGGS FOR  
ANNUAL "HUNT"  
THIS EVENING

The fourth annual Easter egg hunt will be held here Saturday afternoon, starting at 3 o'clock at Gettysburg high school under the sponsorship of the Epsilon Delta chapter of Beta Sigma Phi.

Approximately 1,000 brightly colored eggs will be placed on the grounds for the hunt which is being confined this year to youngsters up to and including seven years of age.

The eggs are to be colored this evening by members of the sorority at their home on East High street. Miss Dorothy Shetter, chairman of the ways and means committee, and head of the committee for the egg hunt urged all members to be present for this evening's session, scheduled to start at 7:30 o'clock. Because of the large number of eggs to be colored the help of all members will be needed, she said.

**To Award Prizes**

With 1,000 eggs on the lawn, the sorority hopes to have enough to go around this year. Last year's 800 eggs were barely enough to permit completion of the hunt, Miss Shetter said.

For the hunt the children will be divided into four groups, those up to three years of age, those three to four years of age, those four to five years old and those six and seven years old.

Prizes will be awarded to the youngster securing the largest number of eggs in each group, and a live rabbit will be presented to the youngster having the overall largest number of eggs.

The children were urged to bring their own containers to hold the colored eggs, and parents will be barred from the course. Members of the sorority will help those youngsters who are too small to hunt the eggs for themselves.

The junior choir of Emmanuel church will meet at the church Monday afternoon at 4 o'clock for final rehearsal for the next worship service. The Women's Guild of Mt. Olivet church will meet Tuesday evening at 8 o'clock at the home of Mrs. Jesse Trostle, near Bermudian.

FRIGID BLAST GREET'S SPRING

Spring came Wednesday but wintry blasts returned to Adams county today with two inches of snow in the mountains in the western and northern parts of the county. The temperature dropped to 20 degrees in the mountains Wednesday night.

The low in Gettysburg was 23 degrees, a 34-degree drop from Wednesday's balmy 57 degree high.

Light snow blanketed most of the Keystone state early today. Five inches fell in Erie, and throughout western Pennsylvania the fall averaged between two and three inches. In the east it was lighter—only a half inch in Philadelphia and suburbs.

The weatherman said a cold wave that had hovered over the west earlier this week "broke through with a rush," causing as much as a 35-degree drop in temperature all across the state.

Curwensville, officially, was the state's icebox with a recorded overnight low of 12 degrees. It was 15 at Blairsville, 16 at Brookville, 14 at Philipsburg, 19 at Altoona, 20 at Pittsburgh, Wilkes-Barre, Scranton and Erie, 24 at Harrisburg and 27 at Philadelphia.

**Warmer Tomorrow**

Temperatures rose slowly this morning but generally remained below freezing across the state. It will drop to 25 degrees—even lower—tonight but tomorrow will be much warmer.

The snow melted on highways, then froze. Highway clundering crews, caught unawares, were late in scattering clinders and many trucks and automobiles were stalled at bottoms of hills. In one area near Erie last night, slippery road conditions caused a four-hour traffic tieup.

Deardorff Sparks York To Triumph

Ken Deardorff, former Gettysburg high school basketball star, tallied a foul shot in the last 14 seconds of play to give York Junior college a 58-57 victory over Binghamton State Tech in a National Junior college tournament game Wednesday afternoon at Hutchinson, Kan.

York staged a remarkable comeback to win the game after trailing by 17 points at one stage in the first half. Deardorff was the sparkplug throughout the game for the winners, contributing seven goals and eight fouls.

Tonight at 8 o'clock York tangles with Moberly, Missouri, Junior college in a quarter-final game.

Many Offices To Be Filled This Year

The Adams county commissioners today received notification that the only state offices to appear on the Primary ballots July 24 will be for two judges of the Supreme court.

County offices for which candidates will appear on the ballots include associate judge, prothonotary, register and recorder, three county commissioners, coroner, district attorney, and three county auditors. All township ballots will have candidates for supervisor, two school directors and one auditor. In a number of townships elections will also be held for justice of the peace, additional supervisors and school directors, and in boroughs for councilmen.

Notices were being sent today to the secretaries of township boards of supervisors and borough councils asking them to report to the county board what offices are to be filled in their respective localities.

STATE OFFICIAL

(Continued from Page 1)

of the facilities are woefully inadequate in the present setup, I realize they cannot be remedied until a building program is complete. I am recommending that this school be reclassified from a four-year high school to a six-year junior-senior high school for the school year 1950-51 with the reclassification to be temporary.

"The approval is based on the fact that a new junior-senior high school will be erected in the very near future."

Snader listed a number of "deficiencies" in the present York Springs schools. "The administrative office is very inadequate; the shop is too small for combined industrial arts and agriculture shop and classroom; the school library, housed in a classroom, leaves much to be desired," he said.

**Lauds Principal**

Snader added: "I was pleased to know an active student council is organized and functioning. Mr. Cassel (Supervising Principal Wilbur K. Cassel) should be commended for preparing a student handbook to be published soon. More pupil guidance is needed in the selection of various courses. I was glad to learn that a general course next year will be added to the present offerings. The library should provide a source of stimulation and enrichment for all phases of the school program. To do this, it must have faculty direction and continuous development through the regular purchase of books and magazines. If an expenditure of \$1.50 per pupil per year is made, a satisfactory library can be built over a period of years.

"I would also recommend that someone be designated as assistant principal to be in charge of the school during the absence of Mr. Cassel. Supervision of the seven elementary schools is necessary for good school administration. Clubs, assemblies, guidance and home room periods are all an integral part of the junior-senior high school. While most of these are in operation to a certain extent, the areas should be further developed and based on the interests, abilities and needs of youth of the community.

"I am sure Mr. Cassel will provide the administrative leadership and support that the board of school directors and faculty need and deserve. There is much that still needs to be done at North Adams joint high school but I believe we can look for continued progress in the years ahead."

Four F-86 Sabres drew six MIGs into combat at 26,000 feet Thursday just south of the Yalu river border city of Sinulju.

**MIG Goes Into Spin**

The pilot who scored the probable kill said he fired two bursts into the Red jet, the second from only 200 feet. He said the MIG went into a violent spin.

Another American pilot caught a MIG in a turn and saw his bullets rip into the plane, which streaked north toward Manchuria.

An estimated 6,000 Reds were reported dug in six or seven miles north of Chunchon.

The bulk of the Communist troops, however, appeared to have pulled back north of Parallel 38.

But in the west, the Reds were getting set for a strong stand south of the parallel.

New York, March 22 (AP)—Air lines soared out ahead of a rising stock market today in fairly active trading. Air lines spread across the tape in large blocks at the opening and then continued more active than the rest of the market with gains running to nearly a dollar a share. This is the third day of their intensified popularity. They headed up in the final hour of the Tuesday market, and dominated attention yesterday.

Alan Goldsborough banded his hand on the bench for emphasis and said: "If ever a human being on the face of the earth had a fair trial, this defendant did."

## PIRATES TRYING FOR TITLE MAY RECEIVE OSCAR

San Bernardino, Calif., March 22 (AP)—Branch Rickey and his Pittsburgh Pirates are going into the movies.

Not for a mere spot of documentary filming, nor for a few flickers in a newsreel, but as real actors in a full length feature.

Shrewd observers figure the transition from baseball to histrionics shouldn't be too difficult for the Pirates. They cite some of the club's performances last year which had high drama, thrills, pathos — yes comedy, too. The Pirates may not win the National League pennant this year, but who's to say they'll not cop an Oscar?

Actually, it is reasoned, this should be a golden chance for the Pirates to escape the blight which often afflicts last place ball teams — an inferiority complex.

As for Boss Rickey, isn't he a natural for the Hollywood cameras? The jabbing thumb, jutting eyebrows, true Mahatma manner — what more could be needed for a baseball epic? Besides, the great man learns his lines fast and out-talks the best of them.

**Pennsylvania Story**  
Clarence Brown of Metro-Goldwyn-Mayer is producing the picture, called "The Angels and the Pirates." Somewhat facetiously, perhaps, another title was suggested unofficially — "All This and Pittsburgh Too." In the early stages the tentative choice was "Angels in the Outfield."

Potential glory all but missed the Pirates. Before Rickey put his bit into the production, the locale of the film story was Chicago. Now the Cubs, or maybe the White Sox, will have to be content with the baseball grind.

The original story, a comedy, was written by the Rev. R. F. Grady, of Scranton, Pa., a Jesuit priest at Villanova college. It portrays a big league manager (not Billy Meyer of the Bucs) on the outs with his players. The team falls apart, wallows in maladroitness. Then comes the angel, who tells the frustrated manager how things are run on Gabriel's celestial team. The manager softens, becomes inspired. The team responds, shows finesse for a change, heads for a championship.

**Kiner Is Star**  
Paul Douglas, Janet Leigh and eight-year-old Donna Corcoran are the Hollywood stars of the picture, scheduled to go into production Monday. The Pirates' main entries, of course, are Rickey and home run king Ralph Kiner. But most of the other Pirates will be seen as well, including, notably, singer Bing Crosby, the club's vice president. Extra sweat will be contributed by Joe DiMaggio of the New York Yankees. And the whole will be garnished with Leo Durocher, New York Giants manager, who is to baseball what curry powder is to stew.

Baseball scenes will be shot about mid-April when the Pirates open the season at Forbes field in Pittsburgh. Later scenes will be taken in Boston, Cincinnati and St. Louis on a Pirates' road trip. It is planned to premiere the film in Pittsburgh about World Series time. Rickey, ever hopeful, likes to think his boys will then get a double star billing.

## RULLO PICKED TOP CAGER OF EASTERN LOOP

Reading, Pa., March 22 (AP)—Jerry Rullo, sharpshooting forward for the Sunbury Mercuries, was named today to the Eastern Professional Basketball League All-Star team and chosen winner of the Tommy Bell Memorial trophy.

Rullo and a teammate for Sunbury, Paul Senesky, polled 30 of a possible 32 votes to top the list of five players picked for the first team. The others are Perk Stabley of Williamsport, Bill Zubie of Lancaster and Brooks Ricca of Berwick.

Zubie and Stabley are repeaters from last year's team. The other three all are from Philadelphia schools. Rullo from Temple, Senesky from St. Joseph's and Ricca from Villanova.

Stabley and Zubie compiled 23 votes and Ricca 19 in a poll of sports writers, radio sportscasters and referees who handled the games during the 1950-51 season.

Rullo polled 24 of 32 votes for the Bell trophy won last year by Zubie. Senesky got six and Stabley two.

The second team selected in the poll is made up of Joe Cackovic, Harrisburg, 18 votes; Whitey von Nieda, Lancaster, 16; Paul Gordon, Lancaster, 12; Ray Kodish, Williamsport, 9; John Norlander, York, 8, and Jack Ramsay, Harrisburg, 8.

Honorable mention: Frank Martella, Reading, 6; Duane Warrick and Dave Fox, Sunbury, and Frank Comerford, Lancaster, 5; Bill Cantwell, York; Bob O'Brien, Pottsville, and Leo Wolf, Berwick, 3.

## Bill Martin's Five Wins Another Title

The Spaulding high school basketball team of Barre, Vt., coached by William "Bill" Martin, former Gettysburg high school and college athlete, won the scholastic cage championship of Vermont for the second successive year during the recent season.

It marked the first time Spaulding won the state title twice in succession. A championship again next year would give the Barre cagers permanent possession of a trophy.

Last week Spaulding represented its state in the Northeast school tournament at the Boston Garden and lost 50-39 to a strong Connecticut team after a nip and tuck battle until midway in the fourth period.

## 28TH DIVISION NINE ORGANIZED BY GENE HAAS

Camp Atterbury, Ind., March 22 (AP)—The 28th Infantry Division baseball team, headed by Cpl. Curt Simmons, an ex-major leaguer, is holding regular practice sessions.

The team is getting ready for its season opener April 7 against Indiana university at Bloomington.

The Keystone Division nine was formed under the direction of acting Special Service Officer Lt. Eugene Haas, of Biglerville, Pa.

Adverse weather has kept the squad indoors most of the spring. But when the snows let up, the boys will move outdoors.

Simmons, who won 17 games for the Philadelphia Phillies last season before being ordered into service, heads the list of hurlers. Another Philly flinger, Cpl. Charles Bicknell, has shown up well in early work-outs. Two others who look good are Pvt. Bob Millikan, Brooklyn farmhand who performed with Montreal of the International league last season, and Pvt. Joe May, from Pueblo of the Western Association.

(Lt. Haas, former Gettysburg college athlete, was the football and basketball coach at Biglerville high school prior to being recalled to duty last fall.)

**Charles Married, Has Baby Daughter**  
Cincinnati, March 22 (AP)—Heavyweight boxing champion Ezzard Charles finally admitted last night that he is married. But that was half of it—he also is a father.

Charles, who had denied several times recently that he was married, said he and the former Miss Gladys Gartrell were married December 30, 1949. He said their baby girl was born February 13 at New Kensington, Pa.

The attractive Mrs. Charles and the baby are at her home in suburban Madisonville. Last night she declined to see newsmen.

Neither she nor the heavyweight king would say where they were married and Charles' only explanation of the secrecy of the marriage was that "I just thought it was best—being an athlete and everything."

Mrs. Charles is a native of Cincinnati and Ezzard said he first met her in 1945, shortly after he was discharged from the Army and while she was a senior in Withrow high school.

Charles was born in Atlanta, Ga., but has lived here virtually all his life.

## ILLINOIS FIVE LOOKS TO TILT WITH KENTUCKY

New York, March 22 (AP)—You can't blame Illinois basketball team if it happens to look over the head of North Carolina State in the Eastern NCAA semi-finals tonight and throws a few anxious glances in the direction of Kentucky.

Two times in the past the Illini have gone into the NCAA tournament with lofty hopes only to have them shattered by the Wildcats from Lexington. In 1942 Kentucky stopped the Big Ten team, 46-44. In 1949 it happened again, only worse—76-47.

If tonight's games at Madison Square Garden follow form, Illinois will find Kentucky barring its path again in Saturday's Eastern finals. However, this time coach Harry Combes' dashing sophomores may get even.

Illinois' game with N. C. State opens the program at 7:45 p.m. (EST), to be followed by the game between Kentucky, ranked No. 1 nationally and St. John's of Brooklyn.

**Became Real Threat**  
An almost perfect blend of senior and sophomore talent has made the Illini a real threat for the NCAA championship.

"Our sophomores are fortunate in having two seniors like Ted Beach and Don Sunderlage to play with," Combes said. "At the same time, Beach and Sunderlage are fortunate to be able to play with such fine sophomores."

Three first-year varsity men — Olive Folmer, Irv Bemoras and Bob Peterson—are in the starting lineup of this Big Ten championship team. The other starter is junior guard, Rod Fletcher, since Beach is a trouble-shooting sub who never opens a game but just comes in when the going gets heavy.

N. C. State will be playing without its three outstanding regular season stars — All-America Sam Ranzino, Paul Horvath and Vic Bubas, all declared ineligible under the NCAA four-year rule.

But Coach Everett Case has pulled in a bunch of flashy sophomores to fill the gaps. Bill Kukoy, a third-stringer from Gary, Ind., scored 27 points in N. C. State's Tuesday night 67-62 win over Villanova. "We're naturally not as strong as we were with those veterans," said Case, "but the sophomores probably give us more fire."

**Duel Of Centers**  
The Kentucky-St. John's game will feature the pivot duel between Kentucky's seven-foot Bill Spivey, who scored 542 points in 30 games, and Bob Zawoluk who tallied 630 in 28 games for St. John's. Spivey got the better of the deal when Kentucky beat St. John's, 43-37, during the regular season.

"We have profound respect for St. John's," said Kentucky's coach Adolph Rupp. "Personally, I think it's one of the best five teams in the country."

"Kentucky has too much all-around strength," said Coach Frank McGuire of St. John's. "You concentrate on stopping Spivey and a guy like Frank Ramsey or Shelby Linville will run you crazy."

The western NCAA at Kansas City will complete its semi-final bracket tonight, with Oklahoma A. and M. playing Montana State at 9 p.m. (EST) and Washington meeting Texas A. and M. in the second game.

Last night, Kansas State and Brigham Young reached the western semi-finals. Kansas State nosed out Arizona, 61-59, and Brigham Young beat San Jose state, 68-61.

## Golf Tournament At Hershey In July

Hershey, Pa., March 22—The 13th annual Golf Championship Tournament of the Pennsylvania Public Golfers' association will be played over the Hershey Park Golf club course on July 26, 27 and 28. E. C. Nigg, Jr., of Ardley, president of the association, announced today.

As a feature of the tournament, arrangements have been made to have Governor John S. Fine and Lieutenant Governor Lloyd H. Wood participate in a foursome on Friday, July 27, and attend the association's annual banquet in the evening.

Two 16-hole qualifying rounds will be played on Thursday and Friday, July 26 and 27 to determine qualifiers for the 36-hole finals on Saturday, July 28. The first two rounds will also determine the team championship.

There will also be several 18-hole consolation flights for non-qualifiers on Saturday morning, July 28.

## Training Camp Briefs

(By The Associated Press)

**West Palm Beach, Fla., March 22 (AP)** — The Philadelphia Athletics have an open date in their spring training exhibition schedule today, but it's not going to be a day of idleness.

Manager Jimmy Dykes planned a long practice session for his charges as the A's prepared for a three-game series with the National league's Boston Braves at Bradenton, starting tomorrow.

**Miami, Fla., March 22 (AP)**—The Philadelphia Phillies were out to make it two straight over the Brooklyn Dodgers in Miami's new stadium tonight.

The National league champions, here for three night games, defeated the Dodgers 5-3 last night behind Robin Roberts and Jim Konstanty.

After tonight's game the Dodgers will be replaced by the St. Louis Cardinals as the Phils opponents in a night game tomorrow.

**Los Angeles, March 22 (AP)** — Cleveland's new manager, Al Lopez, doesn't act at all like a man stuck with an overrated ball club.

Regarding the team's poor showing in competition so far, he says: "We've been trying all kinds of combinations. When we get our regular team in there, you'll see an entirely different brand of ball."

Sidelined lately with miscellaneous pains have been first baseman Luke Easter, second baseman Roberton Avila, centerfielder Larry Doby.

**Sacramento, Calif., March 22 (AP)** — The New York Yankees, in the midst of a three-game losing streak, play Sacramento of the Pacific Coast league today. Ed Lopat, the crafty lefthander, will try to end the Yanks' losing streak.

Hollywood, also of the PCL, whipped the Yanks, 4-3, yesterday on Ed Sauer's 10th-inning home run.

**Sarasota, Fla., March 22 (AP)**—It's getting near overtime time for the Boston Red Sox and soon the boys who can't make it will begin traveling back to the minors.

General manager Joe Cronin, manager Steve O'Neill and chief scout Ted McGraw have been huddling here of late and participated in a lengthy meeting yesterday.

The Sox will play the Washington Senators here today with right-hander Ellis Kinder listed as the starting pitcher. Kinder was rained out of a chance to start yesterday. Flu has kept him from the firing line on other occasions.

**St. Petersburg, Fla., March 22 (AP)** — Johnny Jorgensen, one-time Brooklyn third baseman, will fill in as utility outfielder and pinch-hitter for the New York Giants this season.

The Giants purchased the 30-year-old veteran yesterday from their Minneapolis farm club in the American association. A line drive hitter, Jorgensen helped spark Brooklyn to the 1947 pennant and New York followers are hoping he'll do the same for the Giants this summer.

**Miami, Fla., March 22 (AP)** — The Brooklyn Dodgers, who play a good portion of their spring training games under the lights, will ship a team of question marks to Vero Beach for some sunlight workouts.

"We just cannot look at all our players when we play at night," said acting-manager Clyde Sukeforth. "So we're going to send some of the boys to Vero Beach to give them a chance to show what they've got."

The daylight team, which includes Rex Barney, Tommy Brown, Bobby Morgan and George Shuba, will be managed by John Corriden, former White Sox skipper.

**Los Angeles, Calif., March 22 (AP)**—Rookie Southpaw Paul Pettit, of the Pittsburgh Pirates, is slated to undergo a physical examination for the armed forces March 30.

The Pirates paid the 19-year-old pitcher \$100,000 to sign a contract in 1950. He won only two and lost seven for New Orleans, a Pirate farm club, last year.

Peiping, the capital of China, has also been known as Chi, Yu Chou, Yenchen Chung Tu, Ta Tu, Khan-baligh and Peking.

## SWOYERSVILLE IN 70-61 WIN OVER TROJANS

Chambersburg high school's bid for the state PIAA basketball championship fell to the wayside Wednesday evening when Swoyersville romped to a 70-61 victory before 4,000 fans at the Hershey Sports Arena.

The Trojans, eight-time South Penn league champion and District 3 representative, put on an allant bid in the last period after trailing by a wide margin from the start but the Swoyers' lead was too much.

Joe Holup, six-foot five-inch center for the District 2 champs, proved too much for the Trojans, accounting for 32 points before he fouled out early in the fourth period.

## PIAA CAGE RACE NARROWS DOWN TO FOUR TEAMS

**Harrisburg, March 22 (AP)** — Allentown, Swoyersville, Farrell and Westinghouse today are only two games away from the PIAA Class A state basketball championship.

The two eastern powerhouses, Allentown (District 11) and Swoyersville (District 2) will meet next Wednesday night at the Hershey arena for the eastern title.

Swoyersville's sailors won the right to play in the important eastern finals by its 70-61 victory over Chambersburg, District 3 champs, last night.

Joe Holup, Swoyersville's towering center, was the victor's ace. He scored 32 points, mostly on pushups from in front of the basket, in three quarters. The six-foot, five-inch fouled out in the last frame.

In the west, Westinghouse high school of Pittsburgh (District 8) romped to a one-sided 69-45 victory over Sharpville (District 10) and Farrell (District 7) defeated Johnstown (District 6) 54-39.

This puts Farrell against Westinghouse next Wednesday night for the western PIAA title. The winner of the contest meets the winner of the Swoyersville-Allentown tilt in the state championship game at Philadelphia March 31.

Ed Flemming, of Westinghouse, dumped in 23 points to spark his team to its 19th victory in 21 starts. George Deal had 25 markers for the losers.

Forward Bud McCoy, of Farrell, was high man with 16 points as throngs of partisan fans saw Johnstown lose in that city's new War Memorial stadium.

Last night's games ended PIAA elimination for the week. Mount Joy meets Fredonia for the Class C state title next Tuesday night at Lebanon.

## Man Watches TV As His House Burns

**Philadelphia, March 22 (AP)** — James Dunn was enthralled by the televised proceedings of the Senate crime investigators in New York. So much he didn't even notice that his house was on fire.

The blaze had spread from a shed to the second floor and all across the roof before Dunn realized what was happening. It took firemen an hour to put out the flames. The house and its furnishings were heavily damaged.

## Family Of Three Killed In Crash

**Lancaster, Pa., March 22 (AP)** — A man and his wife and their four-year-old son were killed last night when their automobile and a Pennsylvania Railroad freight train crashed about five miles south of here.

Police said the dead were Mark S. Siegrist, 26, of R. D. 1, Manheim; his wife, Margie Ann, 25, and their son, David.

Another son, Carl Robert, two years old, and Glenn Peifer, 21, of East Petersburg, were injured, the latter critically. Both are in Lancaster General hospital.

The crash occurred at a crossing of the Willow street pike.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, March 22 (AP)—The Penn State college soccer team was about to take off yesterday for a visit to Iran—and one newspaperman remarked: "That's getting rid of 'em good.'" Everything appeared in order for the take-off when an Internal Revenue man discovered that 33-year-old Gus Biggott hailed from Venezuela and asked Gus about his income tax return. Seems the law says a foreigner has to file one before he leaves. . . . Coach Bill Jeffrey and Publicist Jim Coogan joined in explaining that Biggott is a student and doesn't have any income in the United States. . . . "What," exclaimed the amazed agent, "doesn't he get a scholarship for playing soccer?" . . .

It was gently explained that soccer players aren't in the same financial class with the lads who play the American brand of football, but Uncle Sam's representative was hard to convince. "It seems funny to me," he growled. "You have a team good enough to send clear to Iran and you don't even give them scholarships." Anyway, he let Gus go.

**QUICK CHANGE**

When Gustave Ring bought Lone Eagle during this winter's Hialeah race meeting, the horse hadn't won in three starts. . . . The transaction wasn't completed until a couple of hours before Lone Eagle was due to race again so Johnny Clark, who handled the deal, arranged for Veteran Trainer Sunny Jim Fitzsimmons, to bring the horse to the saddling paddock and turn him over to Charley Feltner, Ring's trainer. . . . Feltner performed the saddling chores and Lone Eagle went out to win. . . . After the race, Feltner was startled when a friend told him: "Charley, you sure improved on Fitzsimmons."

**BROKEN RIE**

This one happened several years ago when Buddy Young still was

playing football for Illinois and Clark Shaughnessy was coaching Pittsburgh. . . . The two teams had a game scheduled and Illinois Coach Ray Eliot kept worrying about it, even though his team was expected to win easily. . . . The night before the game Ray was muttering: "I wonder what kind of defense Shaughnessy will use?" When Athletic Director Doug Mills overheard. . . . Mills, who likes nothing better than a good joke—on the other guy, exclaimed: "Why, Shaughnessy told me today. He's going to use a 4-5-2 setup." . . . That was notably unorthodox at that time when most coaches stuck to standard defenses and Eliot replied: "Nobody ever used a 4-5-2." Still he stayed up most of the night figuring ways to combat it. . . . The most surprised guy in the stands the next afternoon was Doug Mills when Pitt actually lined up in a 4-5-2 defense.

**Roosevelts Guests at Singmaster Home:** Archibald Roosevelt, one of the three living sons of the late President Theodore Roosevelt, and Mrs. Roosevelt and their two children, were guests of Mrs. J. A. Singmaster and her daughter, Mrs. Elsie Lewars, Sunday.

The Roosevelts, whose home is in New York, arrived here Saturday night, stopping at the Hotel Gettysburg.

**Christ Lutheran Church Re-Dedication Is Held Sunday:** Christ Lutheran church, which had undergone extensive improvements during the winter, was re-dedicated at largely attended services Sunday. The Rev. Dwight F. Putman officiated at both services.

Formal exercises of re-dedication were conducted at the morning service by the Rev. Dr. Henry Anstadt. The Rev. Dr. Herbert Alteman and the Rev. Dr. M. Coover assisted at the morning service. All three clergymen were former pastors of the church.

The new three-manual pipe organ will be formally introduced to the congregation and community at a recital by E. Arne Houdeven, of Mercersburg academy, Monday evening. He will be assisted by M. P. Moller, Jr., of Hagerstown, vocal soloist. A Community Night service has been arranged for Tuesday evening at the church.

**Mrs. R. S. Saby Heads Y. W. C. A.:** Mrs. R. S. Saby was elected president of the Y.W.C.A. at a re-organization meeting of the board at the Y. W. building Monday afternoon. She succeeds Mrs. M. Hadwin Fischer. Other officers chosen include Miss Margaret McIlhenny, vice-president; Miss Kathryn Alwine, secretary, and Miss Myrl Stauffer, treasurer.

**Mrs. M. Hadwin Fischer led in the installation service for new members and officers.** By recent election, Mrs. E. V. Bullett, Mrs. Clay Gain and Miss Stauffer became board members and those elected were Miss Helen Cope, Mrs. T. J. Winebrenner and Mrs. R. S. Saby.

**Capacity Crowd at Second Annual Indoor Circus Friday:** A capacity crowd filled the Eddie Plank gymnasium Friday night as Captain Wilbur R. McReynolds trotted out his freaks and headliners in the varied program of the second annual indoor circus. The circus which was given for the benefit of Boy Scout work was reported to be a success by the committee in charge.

The grand entry of all the participants opened the show at 8 o'clock. Preceded by clowns, and R.O.T.C. unit, in uniform and fully armed, preceded the procession, followed by the machine gun crew, gymnasts, Junior Bullies, the outlandish animals, the Indian tribe from York and the Collegians. The college band furnished music for the procession. During the intermission Dr. Henry W. A. Hanson spoke, telling the visitors that the college was glad to throw open the gymnasium for use of persons interested in advancing Boy Scout work in Gettysburg.

By GEORGE MATTHEW ADAMS

### INTERFERENCE

The policeman does a good job when he interferes with the one who defies the law, or who acts against the interests of society. The football player becomes a hero when he interferes with man about to make a touchdown, and prevents him from doing so. (Hero to his side!)

There is another interference, however, with which we are all acquainted—the interference of those in the affairs of others. Why should we be so ready to give advice to others that we may never have applied to ourselves? Incentive is one of the greatest of possessions. With it failure is shoved aside and the will to conquer is doubly increased. Personality is something that has to be self developed—not borrowed or loaned by someone else.

Even though the other fellow may be wrong, so long as he thinks he knows, let him alone. He will learn more by his self mistakes than all the interference from others could accomplish. Putting a man on his mettle is what always counts most in self development.

In a little book by William James, called "What Makes a Life Significant," he said: "The first thing to learn in intercourse with others is non-interference with their own peculiar ways of being happy, provided those ways do not assume to interfere by violence with others. No one has insight into all the ideals. No one should presume to judge them offhand!"

There are too many don't handed out in life. Too many to the child. Too many to us all! We should glory in the fact that not a single one of us is a duplicate of another. Each is an "unique," as Emerson so well said. The development of each personality is a thing apart. It is what makes so many human beings stand out, significantly distinguished. All human beings grow and develop best when let alone, with no interference.

None of us sees or acts in exactly the same manner. The glory of the morning sunrise, or the plaintive son of the nightingale, is individual to us all. Without interference it is possible for any one of us to "mount as Eagles!"

Tomorrow Mr. Adams will talk on the subject: "Songs That Live."

### THE MISSING SCARS

The green is once more showing and the lawn is fair to see, But I miss the foot-worn corner where the home plate used to be.  
The grass at last has flourished and has managed to erase That ugly, dusty scar that was always second base.

Time was I used to wonder would I ever have a lawn.  
I mowed it many an evening and I watered it at dawn.  
I seeded it in springtime and I gave it tender care,  
But a pitcher's box was needed, and no grass could flourish there.

"It's no use," I'd say to mother, "It's the youngsters or the grass.  
For the perfect lawn I've dreamed of we must wait for time to pass.

I would rather have them happy to come home from school to stay  
Than a lawn so closely guarded they must go elsewhere to play."

It has happened! They have grown up, and have children of their own,  
And the lawn I thought I wanted I possess, but I'm alone.  
I shall walk it round this springtime, but I'll look in vain to see  
That bare and grassless corner where home plate used to be.

## DECLARES HE GAVE O'DWYER \$10,000 IN CASH

New York, March 22 (AP)—Senate crime probes have been told by the head of New York city's Uniformed Firemen's Association that he gave former Mayor William O'Dwyer \$10,000 as "evidence of support" by the firemen.

O'Dwyer has sworn under oath that he never got the money.

John P. Crane, UFA president, gave his testimony yesterday in the waning moments of a sensational eight-day hearing which rode rough herd on politicians and racketeers alike.

Crane testified he handed the cash to O'Dwyer in October, 1949, on the porch of Gracie mansion—the mayor's official home.

Crane said: "I told the mayor at that time that I had promised him the support of the firemen and I offered him evidence of the support in the form of \$10,000."

### Repeats Denial

O'Dwyer had flatly denied such a transaction at the committee hearing on Tuesday. He denied it again yesterday as he testified at a grand jury probe looking into the alleged disappearance of funds from the firemen union's treasury.

O'Dwyer, who resigned as mayor last year to become U. S. ambassador to Mexico, told newsmen:

"I was asked about that by the grand jury under oath, and I flatly denied it."

Said committee counsel Rudolph Halley: "One man is lying."

The grand jury which questioned O'Dwyer previously quizzed Crane about \$135,000 of the association's funds reported missing. A fireman for 13 years, Crane lost his job when he refused to explain the withdrawal of the big sum other than to say that it went in cash "to good local friends."

### Keeps Union Office

However, Crane still remains president of the UFA, an independent union.

Crane said the \$10,000 was to back up the firemen's pledge to support O'Dwyer in his successful 1949 campaign for re-election.

Crane told the committee, in the jam-packed courtroom, that after he gave a red manila envelope stuffed with the money to O'Dwyer the latter "thanked me."

"He didn't look in the envelope or anything else," Crane added.

Crane then threw a verbal harpoon into the testimony of James J. Moran, city water commissioner named to the lifetime, \$15,000-a-year post by his pal O'Dwyer just before the latter left office.

Moran had denied at the Senate hearing that he ever received money from Crane.

### Asks Resignation

Crane said he passed \$55,000 in cash to Moran, then first deputy fire commissioner, so he'd be on "our side."

Crane said the money to Moran, in installments of \$35,000 in 1947 and \$20,000 in 1949, was intended to promote legislation relating to the welfare of New York city firemen.

Later yesterday, Mayor Vincent R. Impellitteri sent a telegram to Moran demanding he resign by noon today or face immediate suspension pending ouster proceedings.

Moran declined to comment.

## New Tomato Plants Making Progress

The first 3600 square feet of tomato flats under glass is now showing solid green in the several acres devoted to growing tomato plants at the C. H. Musselman Company plant in Biglerville. Several million plants will soon be available for distribution to the growers, the exact time depending on weather conditions both in growing and at the planting season.

Normal maturity (growing season) of these specially selected plants is about 85 days which gives growers ample leeway. Tomatoes are received up until October. The late winter, or early spring, conditions have so far been favorable with a normal balance of cold and moisture. It is expected that plants will be available to growers about the first good planting weather in May. A substantial local tomato acreage is being planned.

### ASSESSOR RESIGNS

## Easter Customs

March 25 is Easter Sunday. In various sections of America, hallowed tradition will again restore the pleasant customs brought here from foreign shores.

IN THE MORAVIAN AREAS OF PENNSYLVANIA, A SMALL BIRCH OR QUERCY TREE IS DECORATED WITH VIVIDLY COLORED EGGS AND PLACED IN WINDOWS AT EASTER.

PASTRIES CALLED CORONA DI NOVE HAVE BEEN POPULAR IN ITALY FOR CENTURIES. AMONG ITALIANS IN AMERICA, THE SAME DOUGH IS FASHIONED INTO RABBITS AT EASTER TIME.

MEMBERS OF SOME UNGARIAN ORTHODOX CHURCHES IN AMERICA SPEND DAYS BEFORE EASTER PAINTING EGGS IN EXQUISITE PATTERNS. THEIR PATIENT ARTISTRY CAN ONLY COLOR ONE EGG EVERY TWO HOURS. KEPT UNDER GLASS, THE EGGS ARE OFTEN CHERISHED FOR YEARS.

14th CENTURY GERMAN SAW THE FIRST PASSION PLAY. PRESENTED AS A CLIMAX TO THE EASTER CELEBRATION, IN AMERICA, COUNTLESS PILGRIMS JOURNEY EACH YEAR TO THE BLACK HILLS OF SOUTH DAKOTA, WHERE A GERMAN IMMIGRANT, JOSEPH MEIER, AGAIN RECREATES THE LAST DAYS OF CHRIST ON EARTH.

## STRIKES HALT FRENCH TRAINS

Paris, March 22 (AP)—France cancelled leaves for all army and police personnel today as a strike halted 80 per cent of the country's trains.

Those on leave were ordered immediately to rejoin their units, or the nearest unit they could find. Premier Henri Queuille, as interior minister, ordered the action after a series of conferences with ministers and labor leaders concerning the nationwide strike wave, which appeared to be spreading.

Workmen in the nationalized gas industry, who struck in Paris Monday, extended their stoppage today to Lyon, Rouen and Reims. At Bordeaux there was no garbage collection this morning.

Food supplies, including fish and for Holy Week, continued to reach the great Paris market by truck and efforts were being made to keep a few trains running on the main lines.

But Easter traffic from abroad was seriously threatened.

## 1,500 Marines To Return Home Today

Oakland, Calif., March 22 (AP)—Some 1,500 U.S. Marines, only a few days removed from the Korean battlefields, arrive in Oakland today—and the city is preparing a festive welcome.

The leathernecks, returned home under the Marine Corps rotation program, will be given keys to the city, be made honorary citizens and then transported to nearby Treasure Island to await 30-day leaves.

The marines are to arrive at 12:30 p.m. (EST) aboard the transport U.S.S. General G. M. Randall.

Also aboard the vessel are the bodies of 57 U.S. fighting men, the first war dead to be returned home directly from Korea. Among them is Maj. Gen. Bryant E. Moore, former Ninth Corps commander, who died after a helicopter crash.

# RED INFLUENCE IS BLAMED FOR CRISIS IN IRAN

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

General Eisenhower might be credited with second-sight in his recent statement before the Senate Foreign Relations committee that, from the military standpoint, he would like to see Spain, Yugoslavia, Greece and Turkey brought into the Atlantic Pact set-up to strengthen its right flank.

Since then Iran (Persia)—one of the world's political-military danger spots — which lies up against that proposed Allied flank, has exploded into internal disorder. Martial law has been clamped on the country for two months.

The trouble involves discontent of the tenant farmers in their relations to the wealthy land-owners. More important, it involves widespread opposition to continuation of British majority control of the rich Persian oil wells by agreement with the Tehran government. Actually the Tehran parliament has voted tentative nationalization of the oil fields to the exclusion of England.

**Might Tip the Scales**  
Communist influence from adjoining Red Russia is said to be inspiring much of the trouble. Thus the

affair simmers down to a struggle for control between the Soviet Union and Britain with her allies in this strategic land of the Peacock throne.  
I wish (to repeat an old plea) that you would get your maps out and note the lay of Iran. It's the zone where West meets East. The great power, or powers, which can claim Iran as ally, can dominate the whole vast Middle East and the life-line to the Far East. And from the standpoint of Russia it also means that she could have her long-sought access to the Persian gulf.

Moreover—and this is vastly important—the Persian oil fields are so extensive that exclusive access to them by a group of nations might be a determining factor in establishing the balance of military power. That is to say, if Russia gained control, it would give her military potential a mighty filip. The same would be true of the major western nations of course.

That is why the present situation in Iran contains the danger of another world war.

# Firemen Get Stung; Bees Get Soaking; But Kids Get Honey

Santa Paula, Calif., March 22 (AP)—The Santa Paul fire ladders didn't reckon with the bees when they were summoned to quell a tree fire out on Del Monte avenue.

A group of youngsters had found a bee tree. They tried to smoke out the bees but succeeded only in setting fire to the tree.

By the time the firemen got there the bees were stinging mad. They stood 100 feet away and blasted the tree with 600 gallons of water. That ended the fire—and the bees—but one of the firemen sustained several good-sized lumps.

The youngsters? They got the honey.

Half of the non-farm single-family homes in the United States in 1950 were estimated to be worth \$7,400 or more.

# WOMAN WITH YEAR TO LIVE IS IMPROVED

Oklahoma City, March 22 (AP)—Mrs. Heart is alive—heartened with a new desire to get well.

In March, 1949, she asked the nation how to spend \$10,000 in the year she thought was her last.

Doctors told the mystery woman a heart condition would bring death within that year.

"I have a new desire to get well," Mrs. Heart says. "And that's because of the interest so many strangers showed in me."

Mrs. Heart, a moderately wealthy Oklahoma City widow, told her story to the Daily Oklahoman just two years ago. The Associated Press relayed it to the world.

**Miraculous Improvement**  
Letters poured in telling Mrs. Heart a multitude of ways to keep a spark of life. Others sought financial help—since she had \$10,000 and didn't know what to do with it.

Today Mrs. Heart says her improvement has been miraculous, although "I'm still under a specialist's care."

"My state of mind has changed completely," she said, adding "I'm feeling much better now."

Mrs. Heart is back home for a few weeks to attend to some business matters. She has been in California with her daughter much of the past year.

She still gets a few letters—some from people who don't know that the \$10,000 is just about gone.

But they're usually addressed to Mrs. Heart—the public doesn't know her name—and probably never will.

**Keep Machine Clean** — Ivan Parkin, Penn. State extension dairy specialist, reminds that it is very important to keep the milking machine lines clean and the machine sanitized.

**Check Tile Drains** — Charles Burress, extension agricultural engineer of the Pennsylvania State college, reminds that with drainage systems installed years ago occasional checking is necessary. Where tractors have been used in the fields having shallow systems, some of the tile may have been broken or plowed up.

**Save the Lambs** — To save more lambs at lambing time, W. B. Connel, Penn. State extension livestock specialist, recommends placing the new lambs with their mothers in separate pens for a few days until the lambs get a good start. Then they can be turned back with the flock, but the good shepherd will check on his flock often.

## Four Students Are Killed In Crash

Mt. Pleasant, Pa., March 22 (AP)—A plane crashed in a field near here, killing four Georgetown university students en route to an Easter vacation in Chicago.

State police said the dead, all residents of Chicago, were: Joseph P. Mertes, Jr., 18, owner and pilot of the plane and a son of the president of the R. S. Bacon Vener Co.; Vincent B. Nyhan, Jr., 24, a senior and former editor of "The Hoya," student newspaper; Robert Beaudry, 23, law student and prefect in the College of Arts and Sciences; and B. J. Phoenix, 21, senior and holder

of the highest elective office on the campus—"President of the Yard." The plane apparently ran into a heavy snowstorm 45 minutes before it crashed yesterday.

Clarence Akney, said the plane sped past his window and crashed 100 yards from his farm house, three miles East of Mt. Pleasant.

### POET DIES

London, March 22 (AP)—Robert Calverley Trevelyan, 78, poet, playwright, scholar and translator, died yesterday at his Dorking, Surrey, home.

## TAXES SLASH SHAW ESTATE BY TWO THIRDS

London, March 22 (AP)—Playwright George Bernard Shaw, a pioneer British Socialist who hated taxes, left an estate valued at \$1,023,254.22 (\$367,233) but reckoned after debts and taxes at \$330,840. His will and an accounting disclosed today.

The 14-page document directed that part of the money be used for promoting a 40-letter alphabet which was one of the Irish wit's pet projects.

Shaw died last November in his little cottage at Ayot St. Lawrence at the age of 94. His net estate, after settlement of all outstanding obligations, was £301,585 (\$844,429). Estate taxes totaled £180,571 (\$505,599).

**Planned Three Inquiries**  
Shaw's will directed his executor to "institute and finance a series of inquiries" to determine:

1. The number of people speaking and writing the English language in the current 26-letter alphabet.
2. How much time could be saved by substituting Shaw's alphabet, in which each of 40 symbols would

stand for a sound.

3. "The loss of income in British and American currency" from using the old alphabet instead of Shaw's proposed one.

Shaw also asked that a phonetic expert be hired to translate his play "Androcles and the Lion" into the new alphabet, "assuring the pronunciation to resemble that recorded of his majesty our late King George V and sometimes described as Northern English."

He asked that copies be made of the play in his alphabet and in the standard 26-letter alphabet, with the versions side by side, page for page. These copies were to be presented "to public libraries in the British Isles, British Commonwealth, American states north and south and to national libraries everywhere in that order."

## Playwright To Wed His Divorced Wife

Santa Monica, Calif., March 22 (AP)—Playwright William Saroyan and his divorced wife are going to re-marry.

The 42-year-old author and Mrs. Carol Stuart Marcus Saroyan, 26, who were married in 1943 and divorced two years ago, obtained their marriage license late yesterday. They have two children, Aram, 7, and

Lucy, 5.

Mrs. Saroyan, who obtained her Las Vegas, Nev., decree on charges

of cruelty, is the daughter of Charles Marcus, vice president of Bendix Aviation Corp.

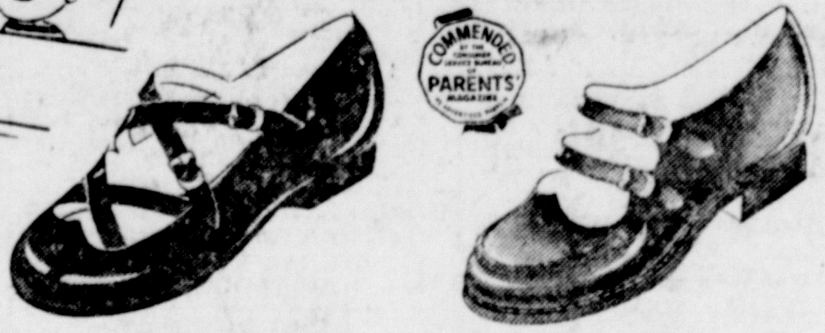

The average non-farm household declined from 3.2 persons in 1940 to 3 persons in 1950.

The community Good Friday devotions, will begin tomorrow at noon and close at 3 o'clock, at Centenary Methodist church. "The Seven Last Words of the Cross" will be the theme of the service, which will consist of scripture readings, meditations, prayers and songs.

The first word, the word of "Intercession," will be in charge of the Rev. Arthur E. Leeming, Hoffman orphanage. The Rev. David S. Kammerer, pastor of St. Paul's Lutheran church, will have the word of "Authority." A vocal solo, "I Heard A Forest Praying" by Peter DeRose, will be sung by Betty Zumbun, during this part.

The third word, "Remembrance" will be led by the Rev. G. Howard Koons, pastor of Christ Evangelical and Reformed church. The Rev. Kenneth D. James, pastor of St. John's Lutheran church, will lead the fourth part, the word "Loneliness." Miss Kathryn Shriver will sing "Legend" by Peter Tschalkowski.

The word of "Suffering," the fifth part will be in charge of the Rev. Oscar E. Freeman, pastor of Grace Lutheran church. Rev. Frank E. Reynolds, pastor of Redeemer's Evangelical and Reformed church, will lead the sixth part, "Victory." Miss E. Lorraine Myers will sing "Night Within The Garden" by Stairs. The last part, "Refuge," will be in charge of the host pastor, Rev. Harvey B. Simons. Mrs. Simons, church organist, will be the accompanist for the singing.

## Girl In Coma 2 Years Passes Away

Rankin, Texas, March 22 (AP)—Joan Edwards died Wednesday after being unconscious two years, two months and four days.

It was on January 17, 1949, that she was hurt in a traffic accident. She and some other young people were enroute from Midland to Odessa during a snow storm. One person was killed.

The pretty west Texas woman, in a coma since, had been treated by specialists in several cities, including Dallas and San Angelo. They said

let entitled, "The Lazy March Hare," with the following characters: boy, Paul Snyder; girl, Jean Krout and March Hare, Gloria Burgoon. Shirley Hoff was the announcer for the program which was presented for Grade VI.

The students of the Littlestown grade and Junior-Senior high school began their Easter vacations this afternoon. Classes will be resumed on Tuesday morning.

she had suffered a brain injury.

Several months ago doctors told her parents they could do no more for her than Joan's family could do at home. They advised taking Joan home.

She was the daughter of Mr. and Mrs. M. J. Edwards of Rankin. Mrs. Edwards quit her job in a Rankin bank to care for her daughter. Edwards is postmaster here.

Joan, 26, an employee of the Midland Reporter-Telegram at the time of the accident, began sinking last Friday. Her condition worsened over the week-end.

## FALSE TEETH

That Loosen

Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

**Reduce Farm Labor** — Saving labor on a poultry farm means saving steps, remind Penn State extension poultry specialists. Often steps can be saved by merely changing the order of doing a job. It pays to make plans and try them before making a final decision.

**Pastures Differ** — John Washko, Penn State agronomist, has been studying three kinds of pastures: Permanent, supporting 2 to 4 animals per acre; semipermanent, adaptable to rotation grazing; and supplemental, used for summer grazing.

## GROWING PERENNIAL CROPS

It is a common error to think of gardens in terms of annual vegetables, those grown from seeds sown or plants set out in the spring or early summer. These compare with such annual flowering plants as petunias, zinnias, nasturtiums and many others. But also like ornamentals, there are perennial garden crops, plants which live many years to produce great quantities of food from one original planting. Below we recommend a round dozen vegetables and fruits belonging to this perennial group:

**Asparagus**—Plant one-year old roots as early in March as soil can be worked. This peer of vegetables demands a deeply mellow, well drained loam improved with well rotted manure turned under deeply. Every interested gardener is invited to write the editor, enclosing a self-addressed, stamped envelope, for a free copy of our asparagus planting and care instructions.

**Horseradish**—Plant nursery roots or divisions from old clumps in early March. A fertile but idle fence row is a good location.

**Rhubarb**—Here is one of the better early revenue crops in the north. Clumps yield an amazing tonnage over a decade or longer. Nursery roots are planted in early March.

**Raspberries**—Every gardener who has suitable soils and adequate space should set out at least a few black,

red and yellow raspberry plants in early March.

**Blackberries**—At the same time advised for setting out raspberry plants the improved blackberry should be planted.

**Dewberries**—A few plants of the hardy Lucretia dewberry set out in early March will prove one of the most profitable food investments of the entire garden. Vines may be trained to individual stakes, fences or a slat or wire trellis.

**Boysenberries**—Gradually commercial plant breeders are putting more hardiness into this close relative of the red raspberry and blackberry. It is worth a trial in this latitude for its heavy bearing habits and almost indescribable goodness.

**Gooseberries**—This old favorite deserves a place among small fruits wherever state forestry laws permit its culture. Because it serves as a host plant for blister rust of white pines it is barred from many regions. State forestry officials will gladly advise prospective growers.

**Currents**—The same regulations which apply to gooseberry growing regulate the culture of currants.

**Strawberries**—Set out nursery plants in March after the soil can be easily worked. Planting should be completed while there is still an ample supply of soil moisture remaining.

**Grapes**—Well rooted nursery plants should be set out as soon as

# LA PRENSA IS SEIZED BY PERON

Buenos Aires, March 22 (AP)—La Prensa, champion of a free press and relentless critic of President Juan D. Peron's regime, has ceased

possible in late February or early March.

**Blueberries**—This latest member of the hardy small fruits group may well outstrip all other fruits in volume and popularity in the next few years. It demands an acid soil. Nursery plants of two or more varieties to provide cross-pollination should be set out as early in March as soil and weather conditions permit. It is futile to try to grow this berry in neutral or alkaline soils. Likewise one variety planted by itself will fail to bear.

The editor invites all questions readers may wish to ask on starting and caring for these perennial crops.

to exist as an independent newspaper.

Peron, acting through a congressional committee, formally seized control of the newspaper, which in its 82 years of life had refused to be dominated by Argentine governments.

Police guards took over the newspaper's main offices. The committee barred editor-publisher Alberto Gainza Paz—whose family owns the paper—and all other employees unless committee members were present.

The committee ostensibly will investigate La Prensa's ties with "World Capitalism," ties which the authoritative pro-government newspaper Democracia said were unconstitutional.

The Congressional group of eight Peron supporters and one opposition deputy met Wednesday to put an official in charge of the property during the investigation. It already has given its chairman and secretary, both Peronistas, power to do its work when the committee is not meeting.

The seizure came 54 days after a boycott and sympathy strike by gov-

ernment-endorsed unions had forced the paper to cease publication.

Efforts of the paper's management to settle the labor dispute were rebuffed by the unions. Federal police ignored requests for protection made by 1,300 non-strike employees wanting to return to their jobs. A federal judge padlocked the

printing plant after editor Paz was charged with violating the security of the state. Twelve committee auditors last night closed the newspaper's books as a private enterprise, counted the company's money and sealed it in a big iron vault.

# TRUMAN ENDS HIS VACATION IN SOUTH TODAY

Key West, Fla., March 22 (AP) — President Truman today put away his swim trunks and sun tan oil to leave Florida's sunshine for the political storms waiting him in Washington.

He takes off from the Boca Chica naval air station at 2 p.m. to end a three-week vacation far removed from the troubles besetting his administration in Congress.

The President, deeply tanned and cheerful, appeared physically fit for the encounter ahead as he joked with reporters upon his return last night from a cruise to Port Jefferson in the Dry Tortugas aboard the destroyer Sarsfield.

He apparently didn't know it, but he narrowly missed being marooned overnight on Garden Key, on which Port Jefferson stands.

The skipper of the 63-foot crash boat, "Big Wheel," which ferried the President to and from the island to the destroyer, anchored two miles off-shore, told the story.

"The water got so choppy after we put the President aboard the Sarsfield that if we had waited five minutes more we wouldn't have been able to get him off the island," Quartermaster 1/c Joseph D. Elmore, of Tacoma, Wash., told reporters.

The President, however, said it

## 10 Best-Dressed Men Are Selected

New York, Mar. 22 (AP) — The pre-Easter season of "best-dressed" lists was amplified today by the ten best-dressed men in America, as announced by the Custom Tailors Guild of America. It follows:

Government, Eric Johnston, economic stabilization chief; law, Rudolph Halley, chief counsel for the Kefauver committee; radio, Phil Baker; sports, baseball's Ralph Kiner; society, W. Averell Harriman; television, Jan Murray; military, Gen. Dwight D. Eisenhower; business, Louis A. Volterra, paper industry executive; music, Sammy Kaye; movies, Clark Gable.

was a fine trip, and that while the destroyer went through rain squalls going and coming, "we had bright sunshine at Fort Jefferson." He and his staff had a picnic lunch.

The President seemed cheerfully unconcerned that he looks a little heavier than his official weight of 176 pounds.

There are more 4-room and 5-room non-farm homes in the United States than any other sizes—44 per cent. Only 30 per cent have six or more rooms.

## Here And There

News Collected At Random

(Continued from Page 1)

all started there in February, 1699, when Pierre Charles le Moyne d'Iberville planted the flag of King Louis XIV of France near the present site of Biloxi just a few days before Shrove Tuesday. Mobile, Alabama, has uncovered evidence that the first formal Mardi Gras appeared there in 1830, and also recalls how French soldiers stationed in Mobile held their celebrations between 1702 and 1710.

New Orleans, Louisiana, on the other hand, has set the standard by which Mardi Gras pageants are compared. Their claim to fame is dated 1827, when students returning from school in Paris danced and played in the streets, as they had seen people doing in France.

Naturally, not all of our Eastern customs have aroused such controversy. Other pageants of various descriptions, based on the last years of Christ on earth, have been dramatized both in

Germany and the United States. The Passion Play presented every tenth year since 1634 at Oberammergau is the best known of these, but other versions were presented as early as the 14th century.

The American Passion Play was inaugurated at Bloomington, Illinois, in 1923. It lasts about four hours, and is presented every Sunday in April and May. Similar religious spectacles are also performed annually in South Dakota and Oklahoma.

At Holy City in the Wichita mountains, an estimated 100,000 persons every year attend the "Oklahoma Oberammergau" — an Easter sunrise service based on the traditional Passion Play. Inaugurated in 1926, this six-hour pageant draws its audience from all over the South and Middle West.

Mardi Gras and the Passion Plays, obviously, are compound-

ed of Biblical history and tradition. But not all Easter customs are as well founded.

On Palm Sunday in Spain, for instance, natives formerly hung the palm they received at church alongside their homes — believing the palms served as lightning rods.

On Holy Thursday in certain parts of Mexico, children drive the devil out of town by creating a terrific din with rattles. Sometimes rattles are attached to a grotesque effigy of the devil, which is then dragged through the village with a deafening racket.

On Good Friday in medieval France, all church bells were believed to make a pilgrimage to Rome, and the townspeople stayed indoors so as not to see their flight. The bells, naturally, remained quiet until their return on Easter Sunday morning. If

proposed Wednesday that President Truman withdraw temporarily his hotly disputed plan to revamp the Reconstruction Finance Corporation.

He said Congress should be allowed to work out its own solution to the fate of RFC, huge government lending agency. A Senate Banking subcommittee contends the

RFC has fallen under the control of an influence ring with White House contacts.

McClellan made his suggestion as his committee opened public hearings on the President's proposal to abolish the five-man RFC board of directors and put the agency under a single administrator.

# WATCH IRAN AS POTENTIAL TROUBLE SPOT

By SIGRID ARNE  
(AP Foreign Affairs Analyst)

The next place to watch on the map is Iran. The troubles there could end in placing the Soviets many steps closer to World War III. Russian needs oil. Iran has it. Russia has been both pressuring Iran, and holding out the olive branch of good trade.

For us the big question is who gets Iran's oil. The scales weighing out Iran's precious golden fluid will be tipped either toward Russia or toward the west depending on how well the new premier, Hussein Ala, is able to prevent chaos in his country. But he is up against trouble from both the right and the left.

**Some Important Figures**  
Here is why an upset in Iran now is so important:

Russia is turning out only an estimated 324,000,000 barrels of oil a year.

The United States, alone is turning out 2,311,000,000 barrels a year and the western hemisphere, 3,075,000.

Modern armies need oil for tanks, planes, tractors. For example, a tank eats a gallon of gas every two miles. On a trip to Europe a B-36 takes a full tank-car of gasoline, and 10,000 pounds of lubricating oil.

So there have been some Pentagon strategists who insist that Russia could never start World War III until its oil production was closer to the supplies of the western world.

Iran could be the start. Iran turns out 251,000,000 barrels a year, and it could be a gateway to the whole middle eastern oil supply which is 660,000,000 barrels a year.

## Truman Warns: 'Forces Doubled'

Key West, Fla., March 22 (AP) — President Truman said Wednesday that the United States has doubled its armed forces since the invasion of Korea to resist "still further Communist attacks against other free nations."

An exchange of telegrams between the President and Secretary of Defense Marshall disclosed that this country's uniformed forces now stand at more than 2,500,000 nine months after Korean Reds launched their unprovoked attack June 25. Mr. Truman made the telegrams public shortly leaving at 7:30 a.m. (EST) for a visit to Fort Jefferson in the Dry Tortugas aboard the destroyer Sarsfield. He is due back at 5 p.m.

The President will fly back to Washington today to spend the Easter week-end with Mrs. Truman and his singing daughter, Margaret. He is scheduled to take off at 2 p.m. (EST) today from the Boca Chica air station, eight and a half miles from this naval submarine station.

## NEW PROBE OF FEDERAL LOANS

Washington, March 22 (AP)—House investigators, spurred by a proposed loan of \$7,800,000 to a group which put up only \$600 cash, were off today on a new hunt for "questionable practices" in government lending — this time by the defense setup.

The House probers aimed their queries at the National Production Authority (NPA), blaming it for approving a loan turned down by the Reconstruction Finance Corporation (RFC) — which itself is under heavy

fire from Senate investigators.

Directly involved are a number of the 19 defense loans approved by the NPA since the start of the national emergency.

The investigation stemmed from committee testimony that NPA — overriding a strongly adverse recommendation of the RFC — ekayed a \$7,800,000 loan application by a Hazleton, Pa., group which put up only \$600 of its own money.

The loan was approved although responsible NPA officials conceded they made no independent check of the background or credit rating of the applicants. The loan was for the Hazleton Steel Tubing Co., on application of its three principal stockholders — Benjamin S. Dowd, Martin C. Charles and James H. Hopkins.

Although approved by NPA, the loan has yet to be made because the principals have not yet put up another \$1,000,000 of private capital to meet NPA requirements.

Robinson's bill, presented Tuesday, also would end beer and liquor sales in clubs at 2 a.m. during the week and midnight on Saturday.

At present clubs are allowed to remain open an hour later than public drinking places which close at 2 a.m. on weekday nights. On Saturday night, clubs are permitted sales until 3 a.m. also.

Hoegh Silvercloud arrived in this British crown colony port with a four-year-old Norwegian listed as a "cabin boy."

But he doesn't have to work, for Arild Thomassen is the son of the master of the ship, Captain Dan Thomassen. The boy's mother, Therese Thomassen, is listed as "stewardess," but she, too, is free of work duties. Captain Thomassen reported he is taking his wife and son back to Oslo to put Arild into a Norwegian school.

# OPPOSITION TO STATE INCOME TAX MOUNTING

Harrisburg, March 22 (AP)—Opposition to Gov. Fine's proposed half cent state income tax mounted in the General Assembly today.

Both House and Senate Democrats said they would give the proposal a rugged going-over. Several Republicans privately expressed similar intentions.

Sen. John H. Dent (D-Westmoreland), Democratic floor leader, said he thinks the levy of additional taxes is not necessary.

Dent said he is opposed particularly to a flat income tax on the grounds it violates the principle that all taxes should be uniform.

"This hits the little fellow a lot harder than the big boys," Dent stated.

In the House, Rep. H. G. Andrews (D-Cambria), Democratic floor leader, said he will seek a thorough investigation of the state's entire taxing system.

But GOP leadership in both houses was confident it could shove through Fine's entire program for producing \$163,000,000 in new revenue the next two years.

Rep. Herbert P. Sorg (R-Elk,

House speaker, said that chamber "will get down to business promptly" on the fiscal program expected to be introduced in the House Monday. Both Houses recessed yesterday until Monday.

Fine yesterday outlined his tax program for the next two years, but the bills describing the actual operation of the income tax were delayed. In his tax message, Fine called for levy of the income tax to produce about \$119,000,000 in the 1951-53 biennium. He also asked for a one per cent increase in the present four per cent corporate net income tax to make up the balance of the \$163,000,000 estimated needed in new revenue to meet higher state costs.

## City Tax Conflict

Meanwhile, the big question today was just what deductions the flat income tax would allow Pennsylvanians. Another question was what will be done in the case of cities already levying local income taxes.

Local income taxes are now being levied by nine cities, 56 boroughs, 163 school districts and two townships. Capitol sources generally believe local tax law will be amended to permit the levy of both local and state income taxes. The tax law now permits local communities, with certain exemptions, to tax anything not taxed by the state.

The question of deductions included in the income tax also was an important subject of speculation. The levy is expected to call for a

# WON'T AGREE ON REDISTRICTING

Washington, March 22 (AP)—Pennsylvania's Republican delegation in Congress is not likely to submit a specific recommendation to the state Legislature on the re-districting situation.

As matters now stand Pennsylvania stands to lose three congressmen with the number of districts reduced from 33 to 30. That's because Pennsylvania's population did not increase as much since 1940 as did some other states—notably California.

There is a remote possibility, however, that Congress will vote to increase the size of the House beyond the present 435. In that event Pennsylvania would not lose so many congressional seats.

Rep. Richard M. Simpson of Huntingdon, chairman of the Pennsylvania Republican delegation in the

system of deductions for business expenses of the self-employed in business and the professions.

But the average earner is expected to see the state income tax withheld from his paycheck just as his federal taxes are.

House, said in an interview yesterday three proposals will be drawn up. They will be submitted to the state Legislature with no specific recommendation, he said.

There has been talk that the Legislature might eventually take one seat from Philadelphia and one from Allegheny county, which includes Pittsburgh. Philadelphia now has six seats, Allegheny county five.

The third seat, under this informal and unofficial suggestion, would be removed through numerous readjustments of other districts. One plan calls for the elimination of the 14th District now represented by Wilson B. Gillette, Towanda Republican. The district is composed of Montour, Columbia, Sullivan, Bradford, Wyoming, Susquehanna, Wayne and Pike counties.

## Woman Succeeds Father At Lukens

Coatesville, Pa., March 22 (AP)—Ruth Huston of Hyden, Ky., was elected a director, and her brother, Stewart Huston, vice president of the Lukens Steel Co., yesterday.

They are children of the late Charles Lukens Huston who died March 14. Miss Huston, who succeeds her father, is a great-granddaughter of Rebecca Lukens for whom the company was named.

## Reactivate York's Office Of Ordinance

Philadelphia, March 22 (AP)—The York, Pa., regional office of the Philadelphia Ordinance District has been reactivated.

Stewart Huston will continue to serve as secretary.

Col. William K. Ghormley, deputy district chief of ordinance here, said yesterday the York office will be in charge of G. R. Allison.

The regional office operated at York during the last world war but was discontinued several years ago.

One of the first jobs of Allison and his assistants will be to handle \$20,000,000 in contracts, Col. Ghorm-

ley said.

The York district includes York, Lancaster, Adams, Cumberland, Mifflin, Juniata, Perry and Dauphin counties.

After the Shakespeare Memorial Theater at Stratford-on-Avon burned in 1926, America contributed more than half a million-dollar fund for its rebuilding.
